ABOUT US

OUR VISION

To be recognized as a leading technology solution provider with best-in-class products, solutions and customer service.

OUR MISSION

To provide the highest-quality technology solutions to our clients in the public and private sectors, build long-term client relationships based on mutual trust and respect, adopt environmentally-friendly technology, provide an environment that develops and inspires our employees to excel; and create profit and added value for all of our shareholders.

OUR COMPANY

UBM is a technology solution provider based in Abu Dhabi, United Arab Emirates. With partners that include global technology leaders, including IBM, Lenovo, Microsoft, Cisco and Xerox, UBM strives to provide best-in-class IT solutions. We offer world-class, reliable IT infrastructure and end-to-end services, from IBM servers and storage solutions to Lenovo computers and laptops.

At UBM, we believe in combining relationships with innovative technology. The strength of our relationships with our technology partners is manifested in our global reach, excellent service and product offering. We carefully partner with the leading technology firms around the globe, and MENA region, combining the know-how and talent to develop strategies that help our customers succeed. Together, we offer world-class technology solutions that match the needs of you, our clients.

UBM is affiliated to United Investment Management group.

OUR VALUE PROPOSITION

We Believe

that every client is unique in its character, values and requirements. We also believe that every client's values and requirements evolve over time. With the global condition continuously changing, new technologies emerging and becoming more affordable, client priorities will naturally shift.

At UBM, we know that sustainable value, once created, is the key to success. We believe in giving you, our clients, the "Best Complete Solution" – the most effective way to offer you the maximum, sustainable value that will continue to add value with time. We believe that, by offering you an end-to-end service, including hardware, software, customer service and superior knowledge, we are actually offering you the best value for your investment.

CoreValues

UBM believes that honesty, integrity and transparency are at the core of business success . While continually striving for improvement in all areas, UBM focuses on the following core values: Environmental Awareness

Customer Satisfaction

Partnership

Professionalism
& Technical
Expertise

Personal Initiative

Environmental Awareness

Health and Safety

Human Resources

At UBM

We believe that our employees are our greatest asset. By heavily investing in our human talent, we are able to better understand your business challenges and needs. Global exposure enables us to bring cutting-edge technologies to the regional and local markets.

UBM Training

We had registered with international training institutes to provide world-class professional trainers with a strong customer focus and usher in an information, culture and technology revolution to the region.

In partnership with global technology providers, UBM offers clients the following training courses :

Lenovo Certified Engineer

IBM Certified Engineer (Servers, Blades and Storage)

Microsoft Channel Academy (SharePoint, SQL Server, Exchange, Office, ISA)

Cisco Certified Network Associate

Health & Safety

Policy we ensure that the risks to health and safety of our employees are properly controlled. We have established strict policies for the prevention of on-the-job injuries and ill health, as well as environmental protection. We have set these policies as the foundation for establishing health, safety and environmental programs in our organization.

It is our policy that no job is so important, and no service is so urgent, that we cannot take the proper time to perform our work in a safe and environmentally-friendly manner.

We operate all our facilities and systems in compliance with the laws and regulations of the UAE to protect our employees, products, company property and the nation's natural resources and environment.

Purpose The purpose of UBM's environmental, health and safety program is to :

- Provide employees with a safe and healthy work environment,
- Develop safety awareness among employees to ensure the prevention and reduction of accidents (personal injuries and property damage) and occupational illnesses,
- Identify and control safety, public health, and environmental hazards associated with our operations,
- Work constructively with government agencies to develop and implement laws, regulations and standards to protect public health, safety and the environment,
- Coordinate with UBM administration to ensure adequate funding and staffing for environmental, health and safety programs.
